**Garfield Bland - "Light Up for Christmas"**

"Garfield's home is at the corner of 13 St. S. and 4 Ave. S. For decades it has been the one of the greatest displays of Christmas lighting in the city. You've all seen Garfield's display. He's going to talk about what it takes in terms of money, creativity, and technical know-how to create such a blaze of colour every Christmas. I know you'll enjoy hearing Garfield's presentation."
