

KIWANEWS FLASH!

Tuesday, November 1, 2011 Luncheon Meeting Program

Our program speaker will be **Lazslo Bodi**.

Lazslo has received a lifetime membership in KIWANIS from Kiwanis International for his dedication to Kiwanis ideals. Tuesday he will share with us his story - his arrival in Canada from Hungary and the development of his passion for Kiwanis.

Editorial: Following is Lazslo's message given to members at the Kiwanis meeting of October 11, 2011:

“Fellow Kiwanians and guests:

I wish to take this opportunity to thank Jim day for his recognition that this club needs a different approach towards recruiting and, MORE importantly, retaining new members.

A suggestion was made that a formal committee be formed to do just this. Even so each and every member should regard themselves as recruiters. For those who have difficulty in approaching the public at large there would always be a committee member willing to follow through on a name or a phone number or the place of employment of a potential member.

I am confident we will receive the blessings of our new president Barry Horner in this endeavor! As newly appointed Membership Chair I would like to see a number of signatures on the proposed membership committee list that has been left next to our attendance book. I thank you all!”

Editor's comment: "Did you sign the List?"
